Digital Literacy Awareness

1 What is Digital Literacy

Digital literacy is ability to use digital tools, platforms and internet effectively, safely and responsibly.

2 Why is it important ?

- Helps in online learning
- Improves communication skills
- Keeps you safe from cyber threats
- Builds professional identity

3 Safe internet practices

- Use strong passwords
- Do not share personal informations
- Avoid clicking unknown links
- Use secure websites (HTTPS)

4 Useful tools for students

- Google Docs – for writing assignments
- GitHub – for storing and sharing projects
- Canva – for presentations and designs
- Google Drive – for file storage and sharing

Be Smart , Stay safe , Stay digital!!
